Description	To support Local Government Engineering Department (LGED) to develop a road map to enhance governance, transparency and accountability in LGED operations.
Project Rationale and Linkage to Country/Regional Strategy	The TA to support LGED, has two outputs (i) governance and fiduciary risks identified and agreed; and (ii) a road map with clear milestones and dates to ensure good governance, including immediate, intermediate and long-term actions requiring further funding, developed and operationalized by LGED.
Impact	Better management of LGED operations

Project Outcome

Description of Outcome	Improved governance capacity and ability of LGED to manage risks in operation
Progress Toward Outcome	Consultants have submitted the second interim report. When the report will be finalised incorporating the comments of ADB and EA the first output will be met.

Implementation Progress

Description of Project Outputs	1. Governance and fiduciary risks identified and agreed 2. A road map to ensure good governance is developed and operationalized by LGED
Status of Implementation Progress (Outputs, Activities, and Issues)	TA closing date has been extended upto March 2016. TA is expected to meet the both outputs at the end of the TA period.
Geographical Location	

Summary of Environmental and Social Aspects
